Unwined Liquor is more but just wine, we 'un'wine the myth of liquor being all things wine. The boutique, multi-beverage liquor supplier we are today evokes unwinding multiple alco segments with a cachet of exciting unknown.

Unwined lets you chill whilst discovering our little gems across a vast array of liquor styles.

We owe our humble Melbourne 'garage shed' beginnings to 90s founders, who foresaw internationalisation of grog.

Today our local & overseas mixed offering makes the World a smaller place. Sharing more unique products to our growingly loyal clients, small or bigger, and consumers all over Australia for 20+ years has been a great journey. **We thank you, one & all.**

Our Company

Est. late 1990s, consolidated early Millennium, Unwined Liquor is privately owned & operated, with hands-on Management & dedicated teams & Partners across Eastern States, TAS & WA.

Over the years, we have nurtured a number of imported & local products, all of which family-owned brands. Core to our distribution are well thought & multi-beverage brands, available via diverse channels throughout Australia. We service bottleshops, wine shops, purveyors of hard-to-find weird & wonderful, drive-thru's, supermarkets, Independent banner groups, national Chains as well as festivals, events, restaurants, bars & hotels in the most intimate & efficient way.

Lately, working alongside online specialists & social interfaces has enhanced new reach to a broader, curious & open Australian consumer.

Our People

Unwined Liquor has a proud team of very experienced, friendly & dedicated staff, complemented by distribution Partners & Agents as well as logistics & warehousing collaterals.

Management consists of street-savvy entrepreneurs, always on the lookout for new opportunities so as to push boundaries to dynamise our offer. Our Sales, Agency & Admin teams share over 140 years of liquor experience.

Our supply partners, both local & from abroad, are all family-owned & operated through multiple generations of brewers, distillers & wine-makers. We have also been open to help recent producers discover Australia through us. As a smaller, more focused distributor, we choose our suppliers & build their brands from scratch, pathing the way to be discovered, whilst providing prompt service & quality supply deliverables to a very diverse channel of clients.

Ultimately, we understand our increasingly multi-faceted & diversely-modelled clients & their broader end consumers.

Our Portfolio

Our Unwined Liquor procurement enjoys finding new gems, so our Sales teams, wholesalers, retailers and restos & bars can tell a story about each & every of our suppliers & their products we proudly represent down-under. Predominantly distributing smaller & start-up brands, we have over time broadened our range, from mono to multi brand to craft segments, introducing boutique beers, small-batch wines & champagnes, & artisan spirits.

Exclusive importer & distributor to most brands, we co-share distribution of other brands with other supply Partners across Australia.
